We are proud to present the **Irby Family Center**. Mr. Irby graciously donated this building to The Mustard Seed Counseling Services, Inc., located in Cornelia, GA. We will be able to conduct intensive outpatient treatment for families and individuals who require 20 hours a week of counseling. We thank Mr. Irby for his generosity and for sharing our vision to help many become healed and productive citizens in the community. We also thank our many donors who have helped this become a reality. May God’s blessings be upon all of you and The Mustard Seed.

The before and after trimming of the shrubbery in preparation for the installation of our donated windows. Although you can’t see them, the ventilation vents have been installed and pest control spraying is done. Our next step will be the installation of the windows and a handicap ramp and rails.

Four bids have been acquired and given in prayer to the Father so that the right one will be chosen to do the job. May His will be done. Next step will be the interior: electrical, plumbing, and setting up of offices.

Michael Johns, CAC II, NCAC I, Director ~ Jeanie Johns, BS, Co-Director
As our mission statement says, we provide Christian based, substance abuse treatment and mental health counseling for children, adolescents, and adults. We pray that you will find us worthy to partner with as we endeavor to provide this treatment to those who are unable to afford it because they find themselves uninsured, under-insured or unemployed.

We have seen the positive effects of treating the whole person: body, soul, and spirit by integrating the Christian faith and teachings. Stable, well-balanced people make for stable, well-balanced families and citizens in our communities.

We are in Phase III of our project for this Treatment Center which will provide 20 hours per client per week as needed. The building is acquired as well as some of the materials through in-kind donations for the needed renovations.

The Mustard Seed is growing in locations (we now have six in three counties), clients, and staff. Finances are needed for renovations, general operations, and scholarships for those who cannot afford counseling.

Our volunteers, several churches and financial support partners have helped us through Phase II and we are proceeding into Phase III. Each renovation project is being done as funds come in.

We desire to connect with you to change lives. Would you consider being one of our partners as we begin 2017 to complete this project?

Please use the enclosed envelope to send your gift to The Mustard Seed and you can mark it for Building Fund, General Operations or Scholarship for needy clients.

For His service,
Mike Johns, CAC II, NCAC I
Director
